

Heavy Equipment Electric Pump Package

The **KPL-24 High Pressure Electric Grease Pump** has the ability to operate on just about any kind of mobile or stationary mining or construction equipment as it has a vibration resistance of 4G for all ground equipment.

Features

- High discharge pressure - 4000 psi max
- Engineered specifically for 5 gallon grease pail. The revolutionary design of the follower plate will empty the container completely.
- The KPL-24 is powered by 24-volt DC operation.
- Includes 50 foot 3/8" heavy duty hose reel with control valve.
- Custom made heavy-duty hold down.
- Pumps may be used in conjunction with a divider valve and a timer for automatic lubrication.
